Labour Market Information

- What is labour Market Information and why is it important?
- LMI helps us to understand what the jobs market is doing, e.g. are there going to be more or less of a certain type of job in the future. What could you earn? Also, where are these jobs? Would you need to move to a different part of the country? If we have LMI we can make a more informed choice about the type of job that would suit us best.
- [Careerpilot : Plan your future work & study](#) CareerPilot is a careers database that has LMI built in to each of the job profiles
- [Careerpilot : Get information : Careerometer](#) The Careerometer is a great tool to compare the LMI of up to 3 jobs at time
