

## **Malmesbury School A-Level Results 2018**

Headteacher Tim Gilson said “We are delighted with this year’s A-Level results; they are the second best set of results in the School’s history following on from last year’s exceptional results and they reflect the new more challenging exam course in almost all subjects. 67% of grades are A\*-B, 88% A\*-C. These results are testament to our very hard working and determined students and our superb staff.

All the staff at the school work incredibly hard to support and inspire our students and they are able to draw on their deep subject expertise and considerable experience to ensure that all our students make excellent progress.

15 of our students achieved a clean sweep of A\* or A grades and many more exceeded their predictions. We are very proud of all our students who are now looking forward to going to a wide range of excellent universities and employers and we wish them all the very best.”
