

## **GCE A Level Press Release – August 2021**

We would like to congratulate all the students who have received their A level results today at Malmesbury School and commend their excellent attitude throughout this disrupted couple of years. Their resilience and positivity, coupled with hard work both in school and at home, have resulted in these very well-deserved set of results. Although the government will not be publishing performance data this year due to the cancellation of exams, the grades awarded to students today are the culmination of 7 years of study and dedication and students should be very proud of their achievements. It was fantastic to see so many students in school today looking to the future and discussing their plans of university, apprenticeships and gap years. We would also like to thank all the staff that have been involved in this process - completing the internal assessments, moderation and grading on top of their existing responsibilities, has ensured that our students obtained the grades they deserve.
