Connecting you to
employment and skills

Instagram

Our Instagram account [@young_workwiltshire](#) is a resource for young people, alerting them to apprenticeship vacancies, grants, funding and entry level jobs.

Each month case study quotes will be shared with links to a full case study to inspire and engage young people in programmes such as Kickstart and Apprenticeships.

Please share this resource with your students to encourage them to follow us and keep up to date with the latest opportunities in Wiltshire.

Welcome

The Employment and Skills team at Wiltshire Council focuses on connecting young people and adult learners to employment and skills information, advice, and local programmes.

Our EET Service is available to support 16 -17 year olds not in Employment, Education or Training who need extra help to re-engage with learning, or finding employment/training.

Our website [Work Wiltshire](#) hosts a vast amount of information for students and parents alike to support them in making future decisions.

- Vacancy bulletin

Case Studies

“I would look to do an Apprenticeship over University as you can gain practical experience. I think being in a position where you’re working with more experienced people will affect you directly and indirectly, it has helped me to learn to communicate and how to conduct myself.”

Read more case studies on the [Apprenticeship Case Study page](#).
