Dear Parents and Carers of Year 10

## Re: Yr10 Work Experience

As a result of Covid and many employers still working wholly or partly from home we are unable to offer all our students in-person work experience. We have therefore bought a package which allows students to complete a one-day virtual work experience. We may also look at offering a week in the summer term to students who can find placements (further details to follow). Careers education is a vital part of young people's education; and as we come out of Covid we are looking to make sure that we continue to provide high quality careers support and guidance to our students so that they can confidently make their next steps in education and the world of work.

This will be a day to work from home. Details of the links required and the activities to complete will be sent out nearer the time. **All Year 10 students will be working from home on Monday 4 April 2022.**

**If your child is FSM** they can attend school on this day so they can still have lunch / or we can provide a lunch package to take home the day before - please email [careers@malmesbury.wilts.sch.uk](mailto:careers@malmesbury.wilts.sch.uk) if you wish for your child to be in school or have a lunch package.

**If your child works with the support of a TA** then we can have them in school and support them to complete the virtual work experience please email [careers@malmesbury.wilts.sch.uk](mailto:careers@malmesbury.wilts.sch.uk) if you wish for your child to be in school.

**If you have issues with I.T access** we will have limited access to computer rooms so if your child absolutely cannot work from home for this reason, please let us know and we will allocate places in school but we may have to cap these if too many students apply.

Any questions please let me know.

Yours sincerely

Mrs Louise Stanton  
Assistant Headteacher
